My Life with The wave By: ISIS
When I left the beach I was
having so much fun with my Buddy Wave.
Then Boom he splashed me with
his nice cold water. But I was
having so much fun when it was
time to go home. But I had
an idea! I had stones and I know
waves start by going over them.
First I filled my pool with some
water. Then I put stones in it. Then
I could play with it has long has
I wanted to. Then the biggest
wave ever splashed on me. I
could not stop playing until it
started raining but I didn't care
that meant I was having more
fun. So I didn't have to go
to the beach. A beach was
in my backyard.

My Life with The Wave by: Carina Gonzalez

It was summer I was having fun at the beach. I was with my family me and my brother we were doing sandcastles. Somethings we went to the water. My mom told me to get out of the water to go to eat sandwiches it was delicious. I heard waves crashing, birds squaking the birds were water.

My mom told us that we have to live I did not want to go. I had some bucket I put water in the bucket. I went home and I played with the water. I wet my toys. When I had to go to sleep I put my bucket in my closet. I was happy that I had water from the beach.

Crash! boom! A wave that was small. I was at beach. Suddenly a big wave crashed in my face and the water was cold it cooled me down. Another wave came that I got happy and that I went to sit near the water so I could get a nuder splash at my face. After the wave splash in my face my dad told me that we were leaving but I told my mom if I could take a wave home. My mom told me we can take a wave home. I asked my family and friends to help me with the wave and my family and friends got it to my home and put it in my pool and I got in my pool and a wave splash in my face and I felt happy that I have a wave in my pool.

A day at the beach

One day I was at the beach
I was building a sand castle
and then came a gigantic wave
It destroyed my sand castle. Later
that day I went for a walk to
collect seashells. A bigger wave
was coming towards me. I ran back
where my mother was and I said
Can I use this plastic trash bag to catch
a wave and I caught the wave
and took it home and I put the
wave into my empty pool and started
to swim.
